Application summary

Application title
This is the title of your proposed project.

Proposed duration of funding (months)

Proposed start date	

Name of administering organisation
If your application is successful, this is the organisation that will be responsible for administering the award.

Country of administering organisation

Lead applicant's address at administering organisation
If your application is successful, we will use this address in the award letter.

Department/Division	
Organisation	
Street	
City/Town	
Postcode/Zipcode	
Country	

Research area
Select the most relevant area, based on the key aims of the research. This allocates your application to the relevant Grants team. We may reallocate your application to another area if we consider it appropriate.

Career history (current/most recent first)				
From	**To**	**Position**	**Organisation**	

Source(s) of personal salary support
State all your sources of salary funding (for example, through your organisation's block grant from a higher education funding body), and the percentage of your salary they contribute. Answer 'not applicable' if you are not currently employed.

Your source of salary may affect your eligibility - please check the scheme webpage.

If your source of salary places any restrictions on intellectual property rights or publications arising from your research, contact us as this may also affect your eligibility.

Do you have a PhD?	

Are you registered for a PhD?	

What was the start date? (mm/yyyy)

Education/training				
From	**To**	**Qualification**	**Subject**	**Organisation**

Career breaks
Have you taken a break from research or any periods of part-time work? This could include periods of parental or long-term sick leave, or if you had caring responsibilities. You can also include any periods where you were unable to work because of the COVID-19 pandemic.

We take breaks from research into account when we consider your track record. State when and for what period you took a break, or were working part-time. We are not asking for the reasons for this break so please do not provide these here,

including sharing any sensitive personal health information.

Provide details

Do you wish to undertake this award part-time? If you wish to undertake this award part-time, either from the start or part way through the grant, your host organisation must employ you on a part-time basis during that time.	

We provide flexible research career opportunities. If you're applying for funding, you can request flexible and part-time working. This could be to help you manage family commitments or if you have individual needs which make undertaking an award full time challenging. *We always try to accommodate requests, as long as your employing organisation agrees to the working arrangement. Your Grants Adviser will contact you to acknowledge receipt of your application after the scheme application deadline; you should discuss any flexible working plans with them as early as possible. If you have any questions before you apply, please contact our Grants Information Desk.*

Career contributions What are your most important research-related contributions? These may be from any stage of your research career. State what each contribution was, when it came about, why you think it is important and what impact it has had. Examples include publications, patents and impacts on policy. (350 words max.)

Personal statement How will this Fellowship further your research and career aspirations? (500 words max.)

Research outputs List up to 20 of your most significant research outputs, ensuring that at least five of these are from the last five years. For 10 of these outputs, provide a statement describing their significance and your contribution (up to 50 words per output). Research outputs may include (but are not limited to): • Peer-reviewed publications and preprints • Datasets, software and research materials • Inventions, patents and commercial activity *Please give citation in full, including title of paper and all authors* Citations to preprints should state "Preprint", the repository name and the articles persistent identifier (e.g DOI).* *(*All authors, unless more than 10, in which case please use 'et al', ensuring that your position as author remains clear.)*

You should include here systematic reviews (e.g. Cochrane Reviews) and meta analyses, but exclude abstracts and literature reviews. We encourage the inclusion of articles published via open research publishing platforms, such as Wellcome Open Research, providing they have passed peer review.

Preprints, i.e. complete manuscripts that have been submitted to a preprint repository or service (e.g. bioRxiv, PeerJ Preprints, arXiv, SocArXiv or PsyArXiv), can be included only if they have a permanent identifier such as a DOI or arXiv identifier.

How many peer-reviewed publications have you authored/co-authored?
Include systematic reviews and meta analyses but exclude abstracts and literature reviews.

We encourage you to include articles published on open research publishing platforms, such as Wellcome Open Research, providing they have passed peer review.

Current and recent research funding (including Wellcome grants)
List all research funding you have held in the last five years and any key funding before then.

List the most recent first. State the name of the funder, name(s) of grantholder(s), title of the project, total amount awarded (and how much of this you received), your role in the project, and the start and end dates. State the percentage of your time spent on the research; if the grant is active state the number of hours per week that you spend on the research.

Include details of any recurrent or core funding you have held. Explain your role in obtaining the funding. For example, whether you held them in your own right as lead applicant, coapplicant, or as part of a consortium.

We look at your success in getting research funding when we assess your track record. We also want to understand how this proposal is distinct from other funding you hold.

Clinical status

Do you have a medical, veterinary, dental or clinical psychology degree?

The remaining questions in this section are only for applicants who hold a medical/veterinary degree.

What clinical contract and post do you currently hold?

What is your specialty?
If your specialty is not on the list, select 'Other' and specify.

Specify

Provide details of the clinical training path in your country.

Which stage of the clinical training path are you currently at?

How many more years of clinical training are you required to do before you qualify as a specialist?

Give details of any clinical specialist training you propose to undertake during this award.

Sponsors

Details of proposed sponsor at administering organisation
The sponsor should be the Head of Department or equivalent at the administering organisation. They must have a contract of employment at the administering organisation for at least the duration of the Fellowship.

Country

Source(s) of personal salary support State all your sources of salary funding (for example, through your organisation's block grant from a higher education funding body), and the percentage of your salary they contribute.

Sponsor's research and track record in research mentorship and training Upload a letter from your sponsor detailing: a) Grant support they have held in the past three years. List the grants, including title, duration, source of funding and amount awarded; b) Name up to five research students and fellows sponsored in the past five years, and for each research student/fellow the qualification obtained and current employment status. Describe the sponsor's contribution to their career development; c) How the applicant's research will fit with the host organisation's current research programme; and d) Support and mentorship that will be provided to you and how this fellowship will advance your research career.

Are additional sponsors/supervisors required for your application? You must identify a sponsor/supervisor for each location where you will carry out your training/research; a sponsor at the administering organisation and additional sponsor(s)/supervisors for the other location(s).	

For Training Fellows, if you will be spending periods of time at two or more locations to carry out your training/research, you must identify an additional supervisor for each location.

For Intermediate Fellows, if you will be spending more than four months at a different location to carry out your research, you must identify an additional sponsor for each location: a sponsor at the administering organisation and additional sponsor(s) for the other location(s).

Expected date of termination of post The sponsor must have a contract of employment at the administering organisation for the duration of the proposed fellowship.	

Source(s) of personal salary support State all your sources of salary funding (for example, through your organisation's block grant from a higher education funding body), and the percentage of your salary they contribute.

Sponsor's/Supervisor's research and track record in research mentorship and training Upload a letter from your sponsor/supervisor detailing: a) Grant support they have held in the past three years. List the grants, including title, duration, source of funding and amount awarded; b) Name up to five research students and fellows sponsored in the past five years, and for each research student/fellow the qualification obtained and current employment status. Describe the sponsor's contribution to their career development; c) How the applicant's research will fit with the host organisation's current research programme; and d) Support and mentorship that will be provided to you and how this fellowship will advance your research career.

Resubmissions

Is this a resubmission of an application submitted to Wellcome? Contact us before resubmitting an application.	

How is this application different? (200 words max.)

Outline of research project

Outline your proposed research, including: (a) Aims and research questions; (b) Work which has led up to the project; (c) Approach and methods to be used; (d) Relevance to the low- or middle-income country setting; and reasons for choice of research location(s). Briefly outline any planned training, including the intention to register for a PhD. Do not exceed **700** words.
You may provide your answer to this question in text entry format or as a PDF attachment. If you are uploading your project outline, the uploaded document must be in 11 point Arial font and portrait format. You can include figures and tables in the upload, legends will not count towards the word limit. *References are not expected at this stage. If you do include references, they will contribute towards the word limit.*

(700 words max.)
